

**GOVERNMENT OF INDIA
MINISTRY OF CIVIL AVIATION
LOK SABHA
UNSTARRED QUESTION NO. : 1980
(To be answered on the 31st July 2025)**

CONSTRUCTION OF INTERNATIONAL AIRPORT AT HISAR

1980. SHRI JAI PARKASH

Will the Minister of CIVIL AVIATION

नागर विमानन मंत्री

be pleased to state:-

- (a) whether it is a fact that the plan to develop an international airport at Hisar in Haryana has been going on for several years, yet no regular commercial flights or international services have been started so far;
- (b) if so, the details thereof along with the progress and expenditure incurred under all three phases of the project till date;
- (c) whether it is also a fact that objections have been raised by the Directorate General of Civil Aviation (DGCA) or the Public Works Department (PWD) regarding the quality of construction work and if so, the details thereof; and
- (d) whether the Government is taking any special measures to ensure timely completion of the said project and if so, the details thereof?

ANSWER

Minister of State in the Ministry of CIVIL AVIATION

नागर विमानन मंत्रालय में राज्य मंत्री

(Shri Murlidhar Mohol)

(a) & (b): Hisar Airport, situated in the State of Haryana, is an operational airport owned by the State Government of Haryana and operated by the Airports Authority of India (AAI) under an Operations & Maintenance Agreement signed between the State Government and AAI. Scheduled commercial flights from Hisar Airport are currently being operated by Alliance Air to destinations including Delhi, Ayodhya, and Chandigarh.

The development works of the airport have been undertaken by the State Government of Haryana in a phased manner and an expenditure of approximately Rs.1457 Crore has been incurred so far under Phase I and Phase II of the project.

(c): No objections regarding the quality of construction work have been reported by the Directorate General of Civil Aviation (DGCA) or the Public Works Department (PWD).

(d): The work related to the construction of a new terminal building and associated infrastructure has been awarded in August 2024. The timely completion of airport projects is contingent upon various factors, including land acquisition, statutory clearances, removal of obstacles, and financial closure by the respective project authorities.
